<p>Company Logo</p>		
<p>Company Bio</p>	<p>Our roots in protective services go back to the days before 1989 when Dean Gittings founded the company now known as Gittings Protective Security. Dean’s public service background in law enforcement and corrections paved the way for what has grown into a highly respected, multi-faceted security company. Today, Gittings is known for never compromising quality and for quick and effective professional responses to clients’ safety and security needs.</p>	<p>Our Threat Preparedness Department provides guidance and training for the safety and security of schools, churches, stadiums, and businesses. We believe realistic trainings provide realistic results. We understand that the career of an educator has been to facilitate and educate and not to develop plans or trainings on how to survive a threat. Therefore, our Threat Preparedness Department is ready to take that task on for them. We believe... <i>It takes a T.E.A.M. to survive!</i></p>
